214 and 215 S. Main St

## WHIRLWIND CAMPAIGN

Jamestown Committee Will Have Mass Meeting Friday.

### LOCAL COMMITTEE.

Christian County Is Asked to Raise \$541 for the Fund of \$40,000.

Louisville, Jan 21—Beginning this week the "emergency" campaign of the Kentucky Jamestown Exposition Commission will commence throughout the State. A canvass will be made in every county of Kentucky with the hope of at once rounding out the \$40,000 fund which is needed for the purpose of making an exhibit of Kentucky products and resources at the Jamestown Exposition. It has become necessary to make this a whirlwind canvas for funds because it is announced from Norfolk that the Exposition will positively open on April 26, and the time for the erection of Kentucky's Building and the collection of a State Exhibit is very brief.

As has been announced, the Kentucky Building at Jamestown will be a replica of the fort erected by Daniel Boone in 1755. The main features of the original fort will be carried out, though there will be a total of only eight cabins in the Kentucky Building. Four of these cabins will be built of logs from western Kentucky and four constructed of logs shipped from the eastern section of the state. The two center cabins will be connected by a roof which will form a broad piazza between the structures and it is not improbable that there will be made on exhibit of historical objects from this State. These cabins will be used as a place where Kentucky will extend hospitality to her own citizens and the world at large during the great international Fair.

Around the entire building will run a stockade. While the original stockade was some ten feet in height, it has been decided to considerably reduce the height of the Jamestown barrier in order that the better view can be had from all the cabins of Hampton Roads. The Kentucky Building will be situated in a beautiful pine forest and within a stone's throw of the water.

For the "Kentucky Jamestown Week" campaign which begins on Monday, Jan. 21, vice-chairmen of the Division of Finance have been appointed in each county by President J. Stoddard Johnson. Acceptances have already been received from a large number of these appointees and many of them have named their committee members. Each county is asked to subscribe to the fund a sum amounting to 1 per cent of the revenue turned into the State treasury the county for the fiscal year ending June 30, 1905. Should each county furnish pro rata the entire fund of \$40,000 sought by the Commission will be almost exactly raised.

Christian County is expected to raise \$541.73. To that end a means meeting will be held at the Court house on Friday Jan 25, at 1:30 p. m. to be addressed by the "whirlwind" speakers sent out by the Committee.

### Local Committee.

Mayor Meacham has appointed the following local committee:

Dr. J. E. Jackson, L. H. Davis, H. L. McPherson, Judge Jas. Breathitt, A. W. Wood, Frank Rives, W. H. Southall, J. C. Buckner, John Feland W. T. Fowler, J. B. Walker, Dr. W. A. Luckey.

### Alleges Abandonment.

Divorce proceedings have been filed against J. A. H. Clayton by his wife, Mrs. Emma C. Clayton. Abandonment is alleged.

## DEATHS 700 AT KINGSTON.

More Lives Lost Than in the San Francisco Quake.

### THE SITUATION IN HAND

American Marines Are Assisting British Authorities in Preserving Order

Communication with Kingston, Jamaica, has been re-established. Admiral Evans sent the following dispatch Saturday.

"Whipple arrived from Kingston to-day with advices from Davis, confirming practical destruction of the city. Business section destroyed. Fire followed earthquake. Government residences in suburbs destroyed. Steamship wharves intact. Shipping unharmed. Other foreign residences seemed to have escaped. American Consul absent. Vice Consul representing. Reported mutiny at pententiary, containing 500 prisoners. Governor considers whole situation well in hand. Four hundred and forty dead accounted for. Still many bodies in ruins." Food and medical supplies continue scarce, but relief ships are hurrying to the stricken city from many quarters, so that there will soon be an alleviation in this respect.

The dead list is probably about 700 and the seriously injured in hospitals in the neighborhood of 500. Many others who were injured are being cared for at their temporary homes.

Progress is being made in clearing away the debris. Dynamite is resorted to in clearing away menacing ruins.

Good order prevails in the city. Admiral Davis, who is in the harbor with the battleships Missouri and Indiana, was called on for help in the work of policing the city and he promptly responded by landing marines. These sea-soldiers were used in picketing the streets and assisting the British authorities in the maintenance of order, until Sunday, when they were withdrawn on order of the Governor of Jamaica.

### A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cases of self-cure ever known. The King of the place says: "Bucklen's Arnica Salve cured a sore on my leg with which I had suffered over 80 years. I am now eighty-five." Guaranteed to cure all sores, by R. C. Hardwick's, Druggist, 25c.

### The Only Indispensable Magazine

### IT'S THE AMERICAN MONTHLY REVIEW OF REVIEWS

THIS YEAR IT IS MORE INDISPENSABLE THAN EVER

PRESIDENT ROOSEVELT'S SAY:

"I know that though its column views have been presented to me that I could not otherwise have known them to be the views of such great men, no matter how widely their ideas diverge, are given free utterance in its columns."

WE WANT AGENTS

TO REPRESENT US IN EVERY COMMUNITY large and small, for full or spare time work. The liberal commissions and cash prizes offered, and the marvelous selling qualities of the Review of Reviews in connection with our strong new Magazine of Commercialism, and with the many other valuable series of books you ever saw—our "LITTLE MASTERPIECE" series—will enable you or anyone, with or without experience, to MAKE ALL KINDS OF MONEY IN YOUR HOME TOWN; yes more, to build up a business with no capital except **KNOWLEDGE**, a business that will grow with you until you both a permanent and profitable income. We'll be glad to tell you all about it if you ask us. Write TODAY before you forget it, to the Review of Reviews Company, 13 Astor Place, Room 400, New York.

DO YOU KNOW AN AGENT? who has done well taking subscriptions to various magazines? A sample worth 25 cents for his (or her) name and address—won't you send it? A year's subscription FREE if the person you recommend sends us five orders within thirty days after his appointment.

## PEOPLE TALKED ABOUT

### AMERICAN ORGAN PUZZLES SAINT-SAENS

M. Camille Saint-Saens, the renowned French organist, who is in this country for the purpose of giving a series of recitals, found himself up against a hard opposition when he essayed to learn to play the American organ. The American organist is 71 years old, and he found it difficult to learn the American instrument. It was said that he was instructed by Scott Wheeler, the organist of Plymouth church, who is himself one of the best organists in New York city, if not in the country.

Mr. Wheeler said that it was hardly fair to say that he had instructed the famous organist. M. Saint-Saens had been told that he did not know how to play the organ, and he was asked if he could not play the Plymouth organ he could not play many of the American instruments, for the Plymouth organ is the most complete in the country. The American is constructed from the French organ, the stops, etc., being arranged on a distinctive plan. M. Saint-Saens found especially difficulty in learning the fundamentals of the American instrument, but he is now reported to have mastered the essential points in the difference of construction and to have gone on his way rejoicing.

M. Saint-Saens is more of a composer than he is an executant, and he is better known by his works than by his playing, although he can play a number of instruments. He has appeared at Carnegie hall, in Manhattan, but here he played the piano with the orchestra. He is to visit all the large cities of the United States. It is probable that he will also conduct the performances of his compositions.

The French organist has probably heard of the annoying incident which happened to his great compatriot, Guilmant, in the New York Avenue M. E. church, two or three years ago. The organ in this church is regarded as one of the finest instruments in the United States, and it was built at a large expense. Guilmant gave two recitals there. The first went off all right, but at the second one, the large auditorium being filled in every part, the fine instrument gave out right in the middle of the playing by Guilmant of one of his celebrated pieces. The great organ was in a pet and seemed dead. Someone went upon the platform and asked if there was any trouble in the audience who knew how to get over the trouble. Some one volunteered to get the big organ going again, and Guilmant finished his recital without further hindrance.

It is related of Dudley Buck that he had his own troubles when the beautiful organ was installed in the Church of the Holy Trinity and it was decided for some reason that it should be dedicated on the first Sunday it was ready for use. The famous American composer and organist found his way to the organ loft morning and evening for a week or two, putting in extra hours mastering the stops and electrical appliances, but he at last, through many brave trials, mastered the instrument perfectly and long played upon it.

### MAY HEAD CHICAGO UNIVERSITY

Dr. Harry Pratt Judson, who will probably be elevated to the presidency of the University of Chicago, has been acting head of the institution since the death of Dr. James R. Young, who is generally known as an educator of proved ability. He has been connected with the University of Chicago since 1892, and at the time of his selection as acting president was head professor of political science and dean of the faculty of arts, literature and science.

Dr. Judson comes of a family noted as being among the founders of the Baptist church in this country. He was born at Jamestown, N. Y., in 1849, and was graduated in 1870 from William college, which subsequently gave him the degree of LL. D., as did Queen's University of Canada. Dr. Judson is a teacher in and principal of the Troy (N. Y.) high school, and from the latter date until his affiliation with the University of Chicago he was professor of history in the University of Minnesota. Dr. Judson has written a number of valuable books and has been decorated by the German emperor.

### FOE OF WISCONSIN LOBBYIST

Charles McCarthy runs the legislative reference department of the Wisconsin legislature. That doesn't mean anything until you analyze it. Then you find that it has saved the state of Wisconsin millions of dollars directly, that it has benefited tens of thousands of citizens of the state to an incalculable amount, that it has probably saved the lobbyist out of business at Madison, and that for all those good things the taxpayers have paid less than \$5,000 a year, and that for a very few years.

"Mac" is a Ph. D. He understands law and lawmaking. He believes it is cheaper to make a bill right before it is enacted than to find out its weak points later after expensive litigation. He believes that the public safety statistician is subject under consideration. On one occasion "Mac" discovered that a certain able gentleman, addicted to the liberal purchase of refreshments had the legislators "going" on a proposition to donate \$100,000 to a charitable enterprise. He told them 35 states had already contributed.

That night the legislative reference department telephoned to 35 state capitals. When the legislators met next day the answers to their telegrams had been received and gave the lawmakers who called for information about their subject matter. They were about as different from decent and affable stranger's representations as a Wisconsin pine tree is from a blueberry bush. The legislature smelt an Etrian in the woodpile, and that bill for the appropriation of \$100,000 for a certain patriotic purpose was not heard from thereafter.

McCarthy is the rural legislator's friend. He sets him right on intricate propositions and purifies him of his "hot air arguments" which the persusive lobbyist finds on the bewildered legislator.

James McCarthy was made a doctor of philosophy he played football at Brown university and was a member of an All-American team. He retains so much of his athletic vigor that he does not feel very much embarrassed when a husky lobbyist comes at him. He can hold his own in argument of several kinds, and moreover, does an occasional stunt at the state university delivering lectures on economics.

### SAYS AMERICA WILL RULE WORLD

Alfred Moseley, capitalist and one of England's foremost thinkers on industrial subjects, who has brought his knowledge of English industry to this country to study our educational system says the United States is destined to rule the world.

This is Mr. Moseley's expedition of this kind to America. In 1902, when he brought a party of workmen over to study our factory methods, he said:

"The arrival of American engineers in South Africa that brought prosperity to that country. We couldn't get along, we made a failure of it till Americans like Gardner Williams, John Hays Hammond and others came to show us the way to success. If I were only 20 years old I would take steps to become an American citizen. The United States is destined to rule the world, physically and probably when you get ready to go to America to learn how to succeed, you are quite honest and open about it. Your enormous success, which has placed the markets of the world at your mercy, is due to the education of your superior methods of production. We want to know how to do things as well in England.

Mr. Moseley says betting is a great evil among English workers. He believes in going to America for as conducted in Germany to take limited wages and reward the people against being swindled.

With his own sons, Mr. Moseley is putting both the British and the American universities to the test. One son is a sophomore at Yale and another a freshman at the University of Cambridge, England.

U. S. Senator—J. C. W. BECKHAM, of Nelson.

**The Weather.**

For Kentucky—Tuesday, fair and  
wonderful.

Paducah is having trouble with its  
public schools, the entire faculty  
threatening to resign when the prin-  
cipal and superintendent leave at the  
close of present session.

Miss Ora V. Leigh has returned  
from Salt Lake City and accepted  
a position as reporter on the Padu-  
cah News-Democrat.

Dark tobacco growers won a big  
victory in Springfield, Tenn., when  
Judge Stout granted an injunction  
restraining the Tobacco Trust from  
buying tobacco from a member of  
the association.

Seven persons dropped three stor-  
es when the elevator cable broke in  
the Phoenix Hotel in Lexington, but  
no one was injured, although all  
jumbled together when the car stop-  
ped.

The Court of Appeals allowed  
Carries to proceed with the Hargis  
case, but ordered him to draw the  
jury in the regular way. A  
change of venue will probably be  
granted to some county other than  
Breathitt.

Other new senators elected last  
week were: Norris Brown, of Ne-  
braska; Wm. A. Smith, of Michigan;  
Joseph M. Dixon, of Montana, and  
Simon Guggenheim, of Colorado, all  
Republicans. Three other Repub-  
licans were re-elected—Frye, of  
Maine; Burnham, of New Hamp-  
shire, and Crane, of Massachusetts.

With a raise of two feet expected  
in the Ohio river at Cincinnati, the  
flood situation showed but little signs  
of encouragement for those cities  
and towns below. High winds and  
heavy rains prevailed for a short  
time Saturday night. The wind blew

**How's This?**

We offer One Hundred Dollars Re-  
ward for any case of catarrh that  
cannot be cured by Hall's Catarrh  
Cure.

J. F. CHENey & Co., Toledo, O.  
We, the undersigned have known  
F. J. Cheney for the last 15 years,  
and believe him perfectly honorable  
in all business transactions and financial-  
ly able to meet any obligations  
made by his firm.

Walding, Kinman & Marvin,  
Wholesale Druggists, Toledo, O.  
Hall's Catarrh Cure is taken internally,  
acting directly upon the blood and mucous surfaces of the  
system. Testimonials sent free.  
Price 75 cents per bottle. Sold by

Take Hall's Family Pills for con-  
stipation.

**Eruptions**

The only way to get rid  
of pimples and other eruptions  
is to cleanse the blood,  
improve the digestion, stim-  
ulate the kidneys, liver and  
skin. The medicine to take is  
**Hood's Sarsaparilla**  
Which has cured thousands.

down many houses in submerged  
sections all along the river, and the  
cold wave which followed has caused  
much suffering among the refuges.

Nearly 40 people are believed to  
have lost their lives in an accident on  
the Big Four railroad at Stan-  
ford, Ind., where a car of powder on  
a siding exploded while an accom-  
modation passenger train was pass-  
ing. Twenty-two bodies have been  
recovered from the debris, while parts of corpses found in the  
vicinity lead the officials to believe  
that the casualties will nearly twice  
that. No conclusive explanation can  
be furnished as to the cause of the  
explosion.

The February Everybody's makes a  
wide appeal to Americans—to every  
one, in fact, who is "awake." There  
is a remarkable group of six special  
articles, and for entertainments seven  
fiction contributions of the highest  
order of excellence. In addition,  
there are special drawings, poems,  
and the usual departments of book  
reviewing, humor, and publishers'  
straight talk.' "Our Industrial  
Juggernaut," by Arthur B. Reeve,  
is an astonishing exposition of the  
yearly sacrifice of life in America to  
the twin gods of speed and greed.

The life story of E. H. Harriman,  
the man who reorganized the Union  
Pacific Railroad and created the  
"Harriman System" of Western  
roads, is at last told at length in the  
January Review of Reviews by Carl  
Snyder. Very little material of an  
authentic nature has heretofore been  
printed concerning this modern  
"Colossus of Roads," as the editor  
of the Wall Street Journal very  
aptly styles Mr. Harriman. The article  
by Mr. Snyder is both illuminating  
and convincing. It is based on a  
thorough study of the Western  
railroad situation, and of Mr. Harriman's relations thereto.

**THE FREEZE.**

The sudden descent of the tempera-  
ture from 70 degrees to freezing in less  
than ten hours, Saturday night  
was a death blow to the prospect for  
another peach year, especially the extra-  
early varieties. During the storm of  
Saturday night, which struck the city at 6:15, no damage was done to  
property, as far as we have heard.  
The sun shone brightly all day Sunday  
but the air was so cold that  
wraps and overcoats could not be  
dispensed with. Yesterday morning  
the mud and pools of the streets  
were frozen hard and fast. The loss  
probably in peaches, however was  
more than compensated for by the  
setback in growing wheat, which was  
so far advanced that it had almost  
got to the jointing stage. Besides  
the freezing weather was  
greatly beneficial to the tobacco  
that had not been delivered. A great  
deal of it was in too high order and  
there was great danger of a loss of a  
large per cent by moulding.

The deliveries, which had been as  
heavy as road conditions permitted,  
was almost altogether checked until  
the next change comes on.

**SLIGHTLY PERSONAL.**

SCHMIDT—Mr. B. C. Schmidt,  
late with John Young, will be glad  
to meet his old friends and customers  
in the hardware department of the  
Planters Hardware Co., having  
taken a position there yesterday.  
He is a competent and industrious  
young man, and will please all alike.

LOCKYEAR—P r o f. Lockyear  
when in the city last week, in a side  
conversation, remarked that every  
five minutes of sunshine had been  
carefully jotted down and Evansville  
had but ten hours of sunshine in  
a month. It has been about the  
same way here until Friday last,  
and when the Prof. unbottled his  
sunshine at the banquet everybody  
felt as if they had gotten into a new  
atmosphere.

MCPHERSON—Dr. Millard A.  
Jenkins will leave on the 7th of next  
month for the Holy Land. During  
his stay Rev. Geo. W. McPherson, of  
New York City, will preach regularly  
at the Baptist church. Mr. Mc-  
Pherson is an evangelist of much  
power and will prove highly satisfactory  
to the large congregation over  
which he will have temporary  
charge.

OWSLEY—Sam Owsley is very  
much interested in the wheat crop  
of Mr. Emmett Caulde. He says  
there are thousands of wild geese  
down there eating up Mr. Caulde's large wheat crop. It is said  
that Sam takes advantage of the opportunity to go down and thin them  
out, but if he has killed any so far  
they have not been seen. It is hinted  
that Sam may be more interested in  
a certain young lady in that section  
than Mr. Caulde's wheat crop.

JENKINS—We have heard many  
persons remark on Dr. Millard A.  
Jenkins' resemblance to the late Sam Jones. The likeness was never  
more marked than last Friday night  
at Lockyear's banquet. The Doctor  
had a seat against the wall near the  
speaker and no one enjoyed the jokes  
of Prof. Lockyear more than Mr.  
Jenkins. Though thoroughly in  
earnest in his Master's work Dr.  
Jenkins enjoys a good joke as much  
as anybody, and when the joke is only  
funny enough to provoke a smile a snap shot at that time would  
pass current for Sam Jones as the  
original.

HOGE—Mr. Frank Hoge expects  
to go to Pittsburg shortly to look  
into the manufacture of a patent in  
which he is financially interested.  
Mr. Hoge is one of the most active  
promoters our city can boast and if he,  
who no doubt he will, puts the  
same strenuous efforts in his enter-  
prise that he does for the Home  
Telephone Co. the probabilities are  
that he will soon become a bloated  
capitalist.

KENNEDY—Mr. W. B. Kennedy  
is home again from Europe, where  
he had been for about two months  
on business. Mr. Kennedy is one of the  
best tobacco men of this section of  
the State. Gradually he has risen  
from a boy at the stammer's stand  
to the front rank of purchasers for  
the foreign market. "Bigie" is one  
of the most competent judges of the  
weed and when his opinion is given  
it is always worth remembering.  
His family lives on South Walnut  
street, but Mr. Kennedy's business  
requires most of his time in Paducah  
the year round. He is always busy.

FOR SALE—Soda fountain, in  
good condition, has two new tanks;  
also two show cases, cheap. Thomas  
Dattilo, 204 S. Main.

**THE BANQUET.**

At Lockyear's Business Col-  
lege a Big Success.

The banquet given to the scholars,  
and a number of special guests at Lockyear's Business College Friday night was a great event in the history of that popular institution. Miss Carrie Moore, the local manager, was in charge and her guests received her most careful attention. She dispensed smiles and had a word of cheer and welcome for everybody and the evening was most delightful in every way. Prof. M. H. Lockyear, the Principal, came over from Evansville and delivered his famous lecture, "Sunshine." For years Prof. Lockyear has been gathering a lot of jokes and humorous stories and has woven them into a light and airy lecture, which provokes laughter from start to finish. He has committed them to memory and tells them in a most attractive manner. After the lecture refreshments were served by young ladies connected with the college, which was a signal for good time socially. Groups of bright eyed girls and their beaux gathered in different parts of the room, the invited guests of more mature years gathered in knots here and there caught the infection of happiness and merriment which brooded over the assemblage. Prof. Lockyear was voted the prime of merry-making producers and Miss Moore the queen of hostesses.

**ORDINANCE NO 45**

Curbing and Cinder Walk.

Be it ordained by the Board of  
Council of the city of Hopkinsville  
Kentucky:

That every person, company or  
corporation, owning any lot or lands  
situated on the North side or East  
Thirteenth street, in the city of  
Hopkinsville, and abutting on the  
North side of said street, between the  
East corner of Cavanagh's lot  
and Walnut street, and they are  
hereby ordered to put down a line of  
4-in. regulation curbing and a sidewalk  
5 ft. in width well filled with  
cinder in front of their respective  
lots or lands.

That said work shall be done as  
soon as or as soon as practicable under  
the supervision of the city Engineer,  
and shall be of the grade and standard  
of work as in such cases provided  
by ordinance, and said work shall be  
done at the expense of the owners of  
said abutting lots or lands.

This ordinance to take effect and  
be in force from and after its adoption.

Adopted Jan. 18, 1907.

HERBERT P. MCATH, Clerk.

Approved Jan. 21, 1907.

CHAS. M. MEACHAM, Mayor.

Long Live The King!

is the popular cry throughout  
European countries; while in America,  
the cry of the present day is "Long live Dr. King's New Discovery,  
King of Throat and Lung Remedies!" of which Mrs. Julia Ryer  
Paine, Truro, Mass., says: "It never fails to cure a cold."  
Mrs. Paine's opinion is shared by a  
majority of the inhabitants of this  
country. New Discovery cures weak lungs and sore throats after  
all other remedies have failed; and  
for cough and colds it's the only  
true cure. Guaranteed by R. C.  
Hardwick, Druggist. 50¢ and \$1.00.  
Trial price.

WHITE—Mr. Bob White made  
his first appearance at his boarding  
house yesterday morning for ten  
days. He says he has just recovered  
from a mild attack of fever. One  
of his friends is of the opinion that  
he has heart trouble, as his 82d pros-  
posal was refused and he has not a  
future wife now in sight.

**THE BANQUET.**

Girlhood and Scott's Emulsion are  
linked together.

The girl who takes Scott's Emulsion  
has plenty of rich, red blood; she is  
plump, active and energetic.

The reason is that at a period when a girl's  
digestion is weak, Scott's Emulsion  
provides her with powerful nourishment in  
easily digested form.

It is a food that builds and keeps up a  
girl's strength.

ALL DRUGGISTS: 50¢ AND \$1.00.

**QUINN MOORE**

Much Improved and Will  
Likely Recover.

Mrs. Hallie Seward, of Akron,  
Ohio, is visiting the family of her  
brother, Prof. C. H. Dietrich. Mr.  
and Mrs. Seward have just returned  
from a trip to California.

Mrs. Cynthia Sullivan, says the  
Times, is visiting friends in Pem-  
broke and that she will also visit  
here before returning to Elton.

**Women as Well as Men Are Made****Miserable by Kidney and Bladder Trouble.**

Kidney trouble preys upon the mind, discourages and lessens personal beauty, vigor and cheerfulness soon disappears when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is now understood that every child born afflicted with weak kidneys. If the child terminates its life, or if when the child reaches the age when it should be able to control the passage, it is yet afflicted with bed-wetting, dependent upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a lack of personal hygiene.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy.

The kidney trouble effects of **Swamp-Root** is now realized. It is sold by druggists, in fifty-cent and smaller sizes, small bottles. You may have a sample bottle by mail free also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimental cases where the trouble was cured. In writing Dr. Klimmer & Co., Binghamton, N.Y., be sure and mention this paper. Don't make any mistake, however, remember that you can get Dr. Klimmer's Swamp-Root, and the address, Binghamton, N.Y., on every bottle.

**210 INDICTMENTS**

**Returned Against Cumberland Telephone Co. at Murray.**

Fulton, Ky., Jan. 18.—A total of 210 indictments has been returned against the Cumberland Telephone Company at Murray, Ky. In the indictments City Attorney R. T. Wells charges the telephone company with collecting toll in excess of franchise rates, which is a violation of a city ordinance. Ex-Congressman Charles K. Wheeler will represent the defendant company.

**SOCIAL**

**At Christian Church Last Friday Night.**

The Y. P. S. C. E. Society of the Christian church, which is now in active work, gave a social in the lecture room of the church last Friday night. The guests of the evening were the societies of the Cumberland and First Presbyterian churches and others. The large lecture room was nearly filled and the evening was what it was designed to be—replete with youthful happiness, childish hilarity, consecration for renewed effort in the Christian life and closer relation with the young people of the different societies. A delightful program consisting of solos and recitations, was carried out. The reading of Miss Virginia Williamson was a most interesting feature. She has wonderful power for her age and her friends believe she will attain distinction. Refreshments were served at the proper hour and quite a time was indulged in social converse. The young ladies and gentlemen of South Kentucky College were out in force and highly enjoyed the freedom of the evening. Altogether the occasion was greatly enjoyed by all present.

**RAKEMAN DIES**

**Of Injuries Sustained by Train at Pembroke.**

Fred Hosse, the L. & N. brakeman who was run over by the cars at Pembroke Friday morning, died of his injuries Friday night at his home in Earlinton, where he was taken shortly after the accident. The remains were interred in Mt. Olivet cemetery, Nashville, Sunday. Mr. Hosse was forty-two years old and formerly lived in Nashville. He is survived by his widow and six children.

**The Texas Wonder.**

Cures all Kidney, Bladder and Rheumatism troubles, sold by all druggists, oil and paint dealers, by mail for \$1. Dr. W. W. Hall 2926 Olive street, St. Louis, Mo. Send for Kentucky testimonials. Sold by R. C. Hardwick.

**ANOTHER NEGRO KILLED**

Pistol and Axe Used By Slayer With Deadly Effect.

**MURDERER ESCAPED.**

Trouble Originated About a Negro Woman, Both Men Being Drunk.

Another killing occurred last Sunday afternoon among the colored race at Weaver's Store, in Tennessee, about four miles from Lafayette, in which a negro by the name of White shot Geo. Collins, another negro. After shooting him with a pistol White, to make more complete his job, seized an axe nearby and struck his victim on the head and other places. It was a cruel butchery. As is usual the murderer made his escape. The trouble is said to have arisen over a woman. Both men were drunk, says our informant, and after quarreling over the woman engaged in a hand to hand fight, in which White managed to get his gun out of his pocket and shot Collins. Though he had inflicted a mortal wound he made assurance doubly sure by grabbing an axe and braining Collins and otherwise horribly mutilating him.

**The Charming Woman**

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires—neatness, clean eyes, clean smooth skin, and that spirituality of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at R. C. Hardwick's, Druggist. 50c.

**TWO SUITS**

Against Railroad Company, Aggregating \$5,195.

Suit has been filed here by Mrs. Myra L. Daugherty against the I. C. railroad company for \$1,500 damages for alleged personal injuries. Plaintiff states in her petition that one horse hitched to a surrey on the Canton pike, near where the pike crosses the company's road, when the animal became frightened at large discharges of powder, dynamite or other high explosive, set off by the defendants employees while working on the right of way in a deep cut, and ran off, throwing her out. She further alleges that her ankle was sprained, her back hurt and that she was internally injured. W. T. Daugherty, husband of above plaintiff, who was with his wife at the time of the accident, has also filed suit against the company for \$95. He alleges that his horse was rendered practically useless and his surrey almost demolished.

**A Memorable Day**

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowels right. 25c. at R. C. Hardwick's Drug Store.

**CONTRACTOR**

Of Evansville, Suffers Stroke of Paralysis.

Capt. Denry, of Evansville, Ind., is lying in a serious condition at Canton, as a result of paralysis. Capt. Denry has a cross-tie contract in Trigg, and was enroute from Cadiz to Caution last Thursday to look after his business, when stricken. He was driving in a buggy with a friend about four miles from Canton when the stroke came. He was taken to the hotel at Canton and has since been under the care of a physician. On Sunday he suffered another stroke, his entire body being involved, and the report from his bedside yesterday was to the effect that he would probably not survive the day.

**FIFTY DEGREES**

Drop in Temperature Brings Fair Weather.

The rainy "spell" which lasted about two weeks, was broken Saturday night, and Sunday was clear and bright. The temperature dropped about thirty degrees by Sunday morning and another drop Sunday night brought the mercury down several degrees below the freezing point. The forecast for today is fair and warmer.

**BANQUET**

At Hotel Latham By Traveling Men Next Saturday Night.

The business meeting of the local traveling men at Hotel Latham last Saturday night was largely attended and important business was transacted. One of the main features was the arrangement for a banquet next Saturday night. It will be a very elaborate affair and fifty covers will be placed. Only the local members of the organization and a few specially invited guests will be present.

**Keep Your Blood Pure.**

No one can be happy, light-hearted and healthy with a body full of blood that cannot do its duty to every part because of its impurity; therefore the first and most important work in hand is to purify the blood so that every organ will get the full benefit of a healthy circulation. There is no remedy, we know of so good as that old family remedy, Brandreth's Pills. Each pill contains one grain of the solid extract of sarsaparilla blended with two grains of a combination of pure and mild vegetable products, making it a blood purifier unequalled in character. One or two taken every night for awhile will produce surprising results.

Brandreth's Pills have been in use for over a century and are sold in every drug and medicine store, either plain or sugar-coated.

## City Directory,

VOLUME III

WILL be the most comprehensive published in any Kentucky city of this size, and as complete and reliable in every detail as those sold in Paducah and Henderson for three times the price we ask. It will contain.

- Alphabetical list of names, occupations and locations,
- Business Directory of classified business and professions,
- Official Numbers, for each house in city,
- House-to-House Guide, showing name of occupant at each house-number,
- Street and Avenue, accurately locating each highway, avenue, street and lane,
- Court Calendar,
- Post-Office Directory and Postal Regulations,
- Statistics of Tobacco,
- Church and Lodge Directories,
- Directory of Banks, &c., &c.
- Directory of Corporations,
- School and College Directory,
- City and County Officers,
- Fire Department,
- Police Department,
- Directory of Manufacturers,
- Miscellaneous Information.

### The Book is to be Published for Subscribers Only.

No extra copies will be printed, and no free copies whatever. The price \$1.00; bound in boards, or 50¢ for same bound in paper, (merely cost of production.) You must give your order for the book to the census-taker, (who calls at your house but once) or leave some at this office (212 South Main St.) before the work goes to press.

## DEERING

Standard of the Harvest

### Binders, Mowers, Rakes.

The praise of satisfied users throughout the agricultural world has made the name of DEERING so well known that it hardly seems necessary to dwell at great length upon the merits of the Deering machines. For those however, who have not had the pleasure and satisfaction of using this machine will say they run lighter, last longer and make more happy farmers than anything of its kind wherever grass and grain are grown. See them on exhibit, or phone or write the Planters Hardware Co., incorporated, for prices and full particulars.

### Deering Binder Twine

Another thing that makes the farmer happy is TWINE that will work in all makes and kind of binders, one that runs even, and the long, smooth and strong, made of the best of manila and sisal fibre the world affords. Give us your order for your Machines and Twine. Have your wagons loaded with anything in our line.

## A WONDERFUL DISCOVERY.

### An Interesting History of One of the Most Popular Household Remedies.

### USED IN THE EARLY AGES.

From the dim dawn of antiquity, the peoples of the earth have utilized the twigs and leaves of the camphor tree as a potent factor in relieving and healing the many ills which the human flesh is heir to. In the early stages of civilization the bark of the camphor in a crude form, and through centuries that have passed, it has come down to succeeding ages, a priceless heritage. The natives of the far east anointed their bodies with this product as one of the first and most simple remedies. From time to time camphor has been combined with other chemical compounds and used for the treatment of both external and internal ailments, though its chief virtue is as an external preparation.

### KNOW TO OUR GRANDMOTHERS.

The simplest form, and that best known to all of us that familiar friend and companion of our childhood, with which our mothers and grandmothers affectionately caressed our pains and aches, is whiskey and camphor. The old camphor bottle revives in our fancy the happiest recollection of our childhoods' home, when care was an undiscovered country and the world was a vast playground created for our own amusement.

### DEVELOPED BY A SCOTCH PHYSICIAN.

It remained however, for a distinguished Scotch physician and chemist to develop the most effective medicinal combination, with camphor as a basis. While acting as Pathologist of the Royal Infirmary and stationed in the Indies in the year 1878, this chemist had occasion to investigate, from a scientific viewpoint, the effect of a solution of kerosene steeped in sandalwood twigs used by the savages of that country to counteract the ravages of a pimple. When he returned to the city of Glasgow, Scotland, and while connected with the Andersonian College and the Royal Infirmary of Physicians of that city, he engaged in an extensive series of experiments along the line of the secret solution used by these natives.

### PERFECTED IN THE UNITED STATES.

After years of toil, pursued in many countries and many climes, in the year 1892, when a citizen and resident of the United States of America, he perfected a solution of camphor and essential oils which he called PARACAMPH, and which is a revolution in the treatment of external injuries. Thus has the wisdom of the East combined with the progressiveness and activity of the West, giving to the world its greatest healing remedy.

We do not hesitate to guarantee Paracamph from Rheumatism, Swelling, Neuralgia, Catarrh, Throat Troubles, Eczema, Tetter and Itching or Bleeding Piles, because many of our customers report to us daily that they have been cured by its use and because we know Paracamph will do exactly what we claim for it. Paracamph is a clean, safe, household remedy which every family needs every day in the year. It is truly a First Aid to the Injured and if you have not used it try Paracamph to-day on our guarantee to return money if it fails to do what we claim for it. —The Paracamph Company, Louisville, Ky., U.S.A.

The ice man stands a good chance of having a monopoly this year.

## WEALTH IN IRON

ORE DEPOSITS THAT ARE BETTER THAN GOLD MINE.

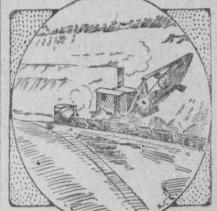

Billions of Dollars of Metal Under  
the Crust of Old Mother Earth  
in the Mesaba Range.

The greatest ore deal in the world was that in which J. J. Hill transferred the right to mine the Hill properties in the Mesaba range to the United States Steel corporation. Few realized when they read the news item concerning the transaction what was involved.

It is believed by conservative judges that the United States Steel corporation now has in its possession the largest individual reserve deposit to be found in the world. It has been estimated that there is beneath the relatively shallow surface of turt covings the iron in the Mesaba range and in the Michigan beds just across the head of Lake Superior, about 2,200,000,000 tons of ore. Of this the steel trust controlled before it secured the right to derive in Mr. Hill's iron pile about 1,250,000,000 tons of ore, an asset on the basis of 100 tons per ton, which excess the entire capital stock of the trust—\$1,100,000,000. Now it can draw on a total deposit of 1,750,000,000 tons, an asset of as many dollars. On this valuation would require approximately two-thirds of the entire trust's assets to pay off the country to cash for this deposit.

How big a pile of ore is it that the trust now controls and how long will it last? A ton of ore does not always occupy the same space. Some weigh more to the cubic foot than other ore. The average average weight of ore are between 100 and 100 cubic feet. Since nine cubic feet of iron ore will yield a ton of ore, then the trust has secured from Mr. Hill and allied interests a pile 100 feet deep, a mile wide and a mile and three-fifths long.

How long will this giant pile of iron weight keep the steel trust supplied with ore? This is a question that took away from its mind in the Lake Superior region 19,251,872 tons. This was 56 per cent, or a little more than half, of the entire shipment of iron from that region. It is believed that the trust will not take less than 22,000,000 tons this year. At the latter rate it will be 1997 with the June 19 years and 6 months. It is not beyond the range of possibility, however, that other deposits than those of which there is now knowledge will be brought to light on the property it has leased from Mr. Hill. Of the iron produced in the world in 1905, 19,750,000 tons were produced in the United States, a fifth in Germany, and 13.5 per cent in Great Britain. From the two sets of two states alone, Minnesota and Michigan, nearly 26,000,000 tons was brought forth from the mines in 1905, 16,000,000 tons of the industrial inhabitants of the German empire took out of their part of the earth's crust. All of this ore came from the mines about the west

Easy Method of Mining Ore in Mesaba Range.

ern end of the greatest of the great lakes. While iron ore was mined in 20 other states and two territories that year, only one—Alabama—produced over a million tons. Its production was 3,645,800 tons. The steel trust has secured the future and has assured itself of a supply of the essential raw material sufficient to last more than two generations.

In order to make sure of a 20 years' supply, in addition to the 50 or 60 years' stock on hand, it has agreed to pay the highest royalties ever paid for an iron ore lease. The steel trust will pay to Mr. Hill's companies a royalty of 85 cents a ton for hauling it to the upper lake ports with an increase of 3.4 cents a ton each succeeding year. It has agreed to take 750,000 tons in 1907, and to increase the amount each year by 150,000 tons until the whole reaches 8,250,000 tons. That means that in 1917 the trust will take the maximum amount of ore, and pay \$1.19 a ton royalty for it. Mr. Hill's road will make about 50 cents a ton hauling this ore.

#### Fruit and Intemperance.

There is but one sure cure for the drinking disease or habit, and that is the simplest of all. The one cure for the worst case of intemperance that ever affected a person. It will entirely destroy the taste for intoxicants and will make the drunkard return to the thought and tastes of his childhood when he loved the luxuries nature had provided him with, and when he did not become contaminated by false, cultivated tastes and attendant (also) deadies and imaginary pleasures.—What to Eat.

25 Cents in 15 States. FORTUNES secured  
or MONEY REFUNDED. AND SOON BY MAIL  
Certificates will convince you that Draughton's  
Business Alleges is the greatest success in  
MANUFACTURED PRODUCTS.

### Farm Progress.

How We Now Feed Land Which Then Abundantly Feeds Us.

THE modern farmer treats his land with a spirit of progress. He practices rigid rotation of crops, and in his fields, what each is best capable of producing. Land is well to do in a certain crop on a certain soil, and he knows it. He knows, for instance, that clover is a great storehouse of fertility, hence the need for turning it around at the proper time in the system of rotation. Sometimes he knows, also, that clover is not the best for the average American farmer, and he turns it around again. He is studying his best crop, when he finds his fields standing in the rotation of crops, he treats them with chemicals, and the plants are healthy and strong. Some know what is best for these. The farmer is steadily improving his land, and the physics of the soil play an important part in the success of his work.

We feed the stomach and the stomach feeds the blood. If the blood is not in the proper condition to take from the food in the food and feed the body such mineral substances as calcium, phosphorus, and the channels in our body, the arteries and capillaries, and the circulation is impeded. We are as nearly germ-proof as possible.

The above facts come from a less experienced man, but he is a good authority. The facts are given above. Having a large practice in a farming district, he has seen the results of the system he uses.

He uses upon some roots and herbs, made into alternative extracts, which are introduced into the system into a vigorous and healthy condition, and thereby fit the blood to do its work. The blood carries the oxygen to the tissues, and throwing off disease. That is why his "Golden Medical Discovery" gained such a rapid popularity, so rapidly, so quickly, and so easily. Farmers said I had consumption in the last stages and that I was bound to die. My doctor said I had consumption, and Dr. Pierce's Golden Medical Discovery could not cure me. I was better after the first dose, and still better after the second, and so on. I had taken six bottles of Dr. Pierce's Golden Medical Discovery, and "Favorite Professional Disinfectant," and "Golden Medical Disinfectant" have been sold in the family of four.

These statements are from a man, and his wife, Start the blood to circulate properly, and you cure catarrh of the nose, or lungs, or catarrh of the eyes, or kidneys.

Dr. Pierce's Golden Medical Discovery restores the lost health by giving the system the lost force of digestion and nutrition, and enabling the perfect digestion and assimilation of food.

For seven years I suffered with a complication of diseases, including heart trouble, rheumatism, neuralgia, constipation, and female weakness, writes Mrs. Harriette Martin, of Boston, Mass., without pain. Had soothing spells and a great misery in number bowel, and rectal hemorrhoids, and the rectal hemorrhoids made into an alternative extract, which was introduced into the system into a vigorous and healthy condition, and thereby fit the blood to do its work.

## LOCAL LEAFLETS.

A-SUFFERER  
FROM PILES

Farmers are talking about burning plant beds, but wood is too wet to burn.

"Spring rains" began to fall in August and have hardly taken a rest.

An undertaker remarked the other day that "everybody is living and miserable," but there are few undertakers who are not miserable when everybody is living. The undertaker's opportunity is "a source of regret" generally.

The different cut sales over town have been well patronized and the merchants are cleaning up for receiving their spring stocks.

There has been no complaint of dust for a long time, but a street sweeper will be needed—well, before the year is gone, perhaps.

Physical connection of the two railroads would give us a chance of a union station, say on the ground now occupied by the L. & N. station and a coal yard.

That accommodation train from here to Evansville over the L. & N. is liable to materialize soon, though nothing official has yet been promulgated.

Notwithstanding the heavy continuous rains Little River has not "been a high" since the flood of November 20th.

We haven't heard anything of the fountain lately, presumably because "fresh" water is anything but a scarcity.

Major Bassett had that platform in front of his store put up not, as might be expected, as a coming tower to watch the coming of another flood, but as a place for Buster Brown and his dog "Tige" to amuse the public.

## NIGHTS OF UNREST.

No Sleep, No Rest, No Peace for the from Kidney Trouble.

No peace for the kidney sufferer—Pain and distress from morn to night.

Get up with a lame back.

Twinges of backache bother you all day.

Dull aching breaks your rest at night.

Urinary disorders adds to your misery.

Get at the cure—the kidneys. Doan's Kidney Pills will work the cure.

They're for the kidneys only—

Have made great cures in Hopkinsville.

Wm. C. Davis, cooper of No. 603 North Main street, says: "A dull bearing down pain across my kidneys and through the small of my back made it so painful for me to stoop or lift anything that I was unable to do any work or to have any pleasure. Whenever I took cold it settled in my back and at night bothered me a great deal while lying in bed."

Sharp twinges often kept me awake for hours and in the morning I arose feeling tired and devoid of all energy and ambition. The condition of the kidneys was especially annoying and distressing at night. I doctored and used many remedies until I became discouraged, for instead of getting better I seemed to grow worse. Finally I happened to read an advertisement of Doan's Kidney Pills, and as they were highly recommended by people nearby, I could not help but believe that they were a good remedy. I got a box and after fusing them a few days I could see a decided improvement. I kept on with the treatment and the pain in my back left me entirely and the action of the kidneys was restored to a normal and healthy condition."

For sale by all dealers. Price 50 cents. Foster Miburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

## For Sale

## MUCH WANTED.

J. M. Burgess is Taken Into Custody, in Nashville.

J. M. Burgess was arrested on Wednesday by Lieut. Sidebottom and Detectives Irwin and Norton, and is held at the police station, says the American. Chief Curran received a letter from the Sheriff at Helena, Ark., stating that Burgess was wanted there on account of a financial transaction involving a forged paper. Later it was learned that he was wanted at Elkton, Ky., where it was stated that he had broken out of jail.

## Smithson-Norfleett.

Howell, Ky., Jan. 18.—On last Sunday evening at 6:30 o'clock, at the home of "Squire Baynham, Mr. Frank Smithson and Miss Ollie Norfleett were married. The bride was beautifully dressed in gray silk, while the groom wore a handsome black cloth. Miss Minnie Smithson and Mr. Callan Cherry were the attendants. They left Tuesday afternoon for St. Louis to be absent for some time. Mr. Smithson is having a nice dwelling put up on his father's farm, and shortly after their return they will go to house-keeping. \*\*\*

The oyster trade has been dull this winter on account of the warm weather.

The Y. M. C. A. building has the desolate appearance that it has so long worn.

</div

**ATTRACTION NO. 4.**

Hungarian Orchestra at Tabernacle Tomorrow Night.

Schildkret's Hungarian Orchestra was brought over from Hungary during the World's Fair year, and was especially engaged for concert work in Chicago at that time through Mrs. Potter Palmer Chairman of the Ladies' Committee at the World's Fair, and played at many of the most important concerts and social affairs during that memorable year. They were also especially engaged for a season at Old Vienna and received the first grand gold medal for their work. Since that time they have played all through the east, returning to Chicago in time to play for Prince Henry in his tour through this country two years ago. While in Washington Mr. Schildkret played at a social affair attended by Miss

Alice Roosevelt, so it is not surprising that he was summoned to Washington to play at her wedding.

Mr. Schildkret is without a peer as a violinist, has studied the wants of the (youthful) people and knows what to give the public in the way of concert programs. The company includes as soloists, a pianist, violinist and flutist, Mr. Schildkret himself being one of the greatest flute soloists in the world. A special rate of 25 cents will be made to the children of the public schools for this attraction. Tickets can be had at the door. This is one of the finest orchestras in the county and should be greeted with a large audience. Tickets on sale at Anderson-Fowler Drug Co. (Inc.) Reserved seats 50 cents.

**AMUSEMENTS.**

Wood & Ward had their everlasting, singing, ringing, tomfooling musical farce entirely rewritten and arranged for all new musical numbers making the "Two Merry Tramps" practically a new show—nothing to be retained but the

CLARENCE AND ARTIE.

title. Among the musical numbers will be several that are original with the company, "The Bells of Earliestville," "A Tale of A Belgian Hare," and "The Trust Buster." This attraction will appear at Holland's opera house Tuesday night, Jan. 22.

**Real Hooligan Coming.**

Like Palmer Cox's Brownies and Katzenjammer Kids, Happy Hooligan is one of the caricature creatures that ha evidently come to stay. Several clever, real comedies have been created with fun written around the character, but none it seems have yet even approached in genuine merit and clean wit and humor the original comedy of Hooligan's Troubles, by Mark E. Swan, created into a play confounding the character strictly within the environment which it beongs. Hooligan's Trouble portrays him as he is and the fun arising therefrom is fast and furious. This engagement is for Jan. 24, at Holland's opera House.

**A Great Banquet.**

Strause's High Art Band, of 20 pieces, will give a grand concert of the best music at Union Tabernacle February 1st. S. C. Mercer, under whose direction the concert is to be given, will offer the best reserved seats at auction in the lobby of Hotel Latham. The gallery is reserved for colored people but reserved seats will be sold. The colored people promise to pack the gallery. Dr. J. W. Lewis, Presiding Elder of this district, will read Mr. Mercer's poem "The Two Kentuckians"—Lincoln and Davis. This poem was read before the Filson Club in Louisville by Mrs. Mattie Dugan with great effect. Col. Durrett, President of the Club, said it was the most popular paper ever read before the club. Miss Williamson, of Bethel College, will read another poem of Mr. Mercer's, "The Angel of The Hospital," a sketch of the work of the Sisters of Charity. It needless to comment on this widely published poem, which appeared in most of the papers North and South, during the civil war. Turn out, children of Germany, to the great concert, where you will hear the Grand March in Tammany Hall and the Grand March in Faust rendered by the splendid band, under the direction of Louis A. Heeger, the accomplished cornetist.

**HERE AND THERE.**

Try Golay & Hurt, the new livery men, Cooper's old stand.

Offices for rent on 1st and 2nd floor in Cooper block. Apply to R. E. Cooper or G. H. Champlin.

1rs. Oldham, Osteopath, 705 S. Main St., Hopkinsville, Ky.

**LEE'S BIRTH DAY.**

Appropriately Observed Last Saturday by U. D. C.

Christian County Chapter Daughters of the confederacy appropriately observed the birthday of Gen. Robt. E. Lee last Saturday. The exercises were held in the Episcopal Church and the large assemblage entered into them with the same spirit that prompted the ladies to arrange for the observance of the dawning of the natal star of the great Southern General and model man. A splendid choir sang several of the favorite hymns of the General. Rev. Edmund Harrison opened the exercises with a most touching prayer. After Rev. G. C. Abbott read Gen. Lee's farewell address and was followed by Dr. J. E. Fogartie, whose splendid address on "The Life and Character of General Lee" showed in the fullest light the loyalty to his people of the South as well as his noble Christian character and the courage to face disaster with heroism. Though Lee first saw the light a century ago, those who knew him, those who fought under him and loved him, those who survive him as well as the descendants of those who have passed over the river, reverence his name, which has gone down in history as one of the greatest of earth.

**PERSONAL GOSSIP.**

Mr. and Mrs. Jerry Tobin, of Nashville, spent Sunday with Mr. Tobin's mother.

Miss Mary L. Andrews, of Nashville, is the guest of Miss May Lewis. Miss Clayton Boales, after a visit to friends, at Madisonville, is home again.

Mrs. A. W. Pyle is visiting relatives in Nashville.

Mr. W. B. Kennedy has returned from Europe, after an absence of two months on business.

Dr. McCannahan, of Columbia, Tenn., spent Sunday in the city.

The Problem of a Cure is Now Solved

Dr. J. H. Snoddy, of Alton, Ill., has discovered a positive cure and preventative for this terrible disease. He has had it in use for ten years and has saved millions of dollars' worth of cholera hogs for the public.

The directions for its use are simple and easy to follow. Any practical farmer can stop the worst outbreak of cholera that ever came and save every hog that is able to take the treatment.

This treatment is not an expense to a farmer, because it clears his herd of every character of worm and parasite and puts them in such a thrifty condition that the extra gain they will make from the effect of this treatment will return the farm \$5 in this extra gain for every dollar's worth of the remedy used properly and right.

It is the greatest worm remedy known to medical science. It pays a farmer to keep his hogs clear of worms with it. When the hog is clear of worms and in good thrifty condition it is rather a hard matter to infect him with cholera without directly exposing him to the germ.

It pays to use the medicine whether there is any cholera around or not.

This wonderful remedy is manufactured by the Dr. J. H. Snoddy Remedy Co., Alton, Ill., and is for sale by Phillips Hardware Co., incorporated, of Hopkinsville, and E. C. Stager & Dixon, at Madisonville, Ky. Anyone calling on either of these firms can get Dr. Snoddy's free book on hog cholera, free of charge. Every farmer should have one.

And we will help you to save and accumulate. Don't put it off. Come at once.

**Advice from the Woodman!**

When everything seems up a stump,

And fortune is "agin" you,

Don't pine. Spruce up---show the world  
You've got the timber in you.

Andrew Carnegie, Rockefeller, the Vanderbilts and Russell Sage saved a part of their income and put it away in investments they had something saved up. Money rules the world. Without money you are without friends.
